

Cardholder Activation During Shopping (CADS)

Cardholder Activation During Shopping (CADS) allows cardholders to complete their enrolment at the time of shopping at a participating merchant website. The CADS page will only be displayed on Merchant's URL with 3D Secure Platform. If a cardholder successfully enrolls with this process, a successful authentication is directed back to the merchant.

Step 1 Enter **Name on the Card** and **1st time login PIN**.

Step 2 Click **“Submit”** button.
The MSOS **Password Creation** Page is displayed.

Step 3 Enter the password

Step 4 Re-enter the password

- Step 5** Click **“Submit”** button to proceed.
The MSOS **Activation Successful** page is displayed.
