8. **How is my Visa Checkout account information protected?**
   Visa is experienced in handling sensitive information. We use advanced security technologies to protect the information you store in your Visa Checkout account, including industry standard encryption and multilayer authentication.

9. **Whom should I contact if I have a question about a purchase I made with my Visa Checkout account?**
   If you have concerns about a promotion, coupon, discount, charge, delivery of or issues related to a purchase, the status of a refund, or have any customer service issues with the merchant, please contact the merchant.
   If you have an issue that has not been resolved by the merchant and would like to escalate a concern about a charge or refund, we suggest that you contact the issuer of your card by calling the customer service number on the back of the card you stored in your Visa Checkout account and used to make the purchase.
10. Why do I see a prompt with Verified by Visa or Mastercard SecureCode during checkout?
Depending on the card that you use during checkout, you may see an extra security prompt put in place by the financial institution that issued your card to confirm that you are the authorized cardholder. This helps reduce the risk of fraud on your account. For more information on Verified by Visa, please visit;
