Growth in public and private investments will be driven by the rollout of existing and new major infrastructure and investment projects. The Overnight Policy Rate (OPR) is also expected to remain unchanged at 3.00% in 2017 aimed at supporting domestic demand. Loans and financing growth for Malaysia has tapered further to 5% - 5.5% in 2016 from 7% - 8% in 2015, on the back of easing household loans growth. The Bank's financing growth is expected to be in line with Islamic industry financing.
