Know Your Risks

What happen if you fail to pay your monthly instalments?

If you **pay late**, a 1% yearly charge applies. If unpaid by maturity/judgement, charges follow the Islamic Interbank Money Market (IIMM) rate. Charges won't be compounded.

If **overdue** 3 months, higher rate applies after 21 days' notice. Returns to normal when under 3 months late.

We may **deduct** money from a savings account you have with us to **set-off** your financing balance.

We may **foreclose** your property or **take legal action** against you.

Your **credit score** may be affected, leading to credit being more difficult or expensive to you.

Your monthly instalment may increase during the tenure of your financing

The BFR may increase due to a rise in the OPR set by Bank Negara Malaysia. An increase in BFR means that you have to pay a higher monthly instalment.

E.g.
CMTF-i

Rate	Current	↑ by 1%	↑ by 2%
Monthly installment	RM 6,327.00	RM 6,879.00	RM 7,456.00
Total profit cost	RM 518,283.58	RM 650,904.73	RM 789,308.13
Total payment	RM 1,518,480.00	RM 1,650,960.00	RM 1,789,440.00
