

PRODUCT DISCLOSURE SHEET

(Read this Product Disclosure Sheet before you decide to take out the Islamic Property Financing facility. Be sure to also read the general terms and conditions in the Letter of Offer.)

PRODUCT:	Home Financing Purchase	Date:	02/01/2025
-----------------	--------------------------------	--------------	------------

1. What is this product about?

- The product is an Islamic property financing facility ("Facility") offered to either completed or under construction property. This facility is secured against residential or commercial properties. Nonetheless, additional security such as term deposits, guarantors, etc. may be requested by us depending on the credit assessment.
- The facility may be for the following purposes:-
 - Financing purchase of residential or commercial properties in Malaysia;
 - Financing purchase and renovation of completed landed residential properties in Malaysia;
 - Refinancing of an existing mortgage financing from another financial institution (e.g. redemption sum/balance outstanding plus top up facility) in Malaysia;
 - Remortgage of a property free from encumbrances/debt in Malaysia;
 - Additional Financing or top up facility for existing Maybank Islamic Berhad's mortgage financing customers who seek extra facility for working capital, investment, education, renovation, etc.
 - Redraw or top up facility for existing mortgage financing customers seeking additional facility for home decoration under MyDeco, working capital, investment, education, renovation, etc;
- Normally, the maximum facility amount granted is less than the value of the property charged to us. In the case of financing new purchases, you need to pay the difference between the facility amount and the purchase price (or the open market value (OMV), whichever is lower) before the financing amount is released e.g.

<i>Property Purchase Price</i>	: RM200, 000
<i>Facility Amount</i>	: RM180, 000 (90% of the property/purchase price)
<i>Amount to be Paid</i>	: RM20, 000 (10% of the property/purchase price)

Additional facility is available for capitalization of related expenses e.g. Mortgage Reducing Term Takaful (MRTT) contribution, legal fees and stamp duty pertaining to the financing documentation, etc, subject to credit assessment and terms and conditions.

- The profit rate charged may be fixed, floating or combination of fixed and floating, single or multiple profit rates. Floating rate is based on the Standardised Base Rate (SBR) plus profit spread e.g. SBR +1.45% and the effective rate will vary in accordance to the periodical changes in the SBR.
- For Islamic financing scheme which is based on Sale-based contract, the profit rate used for computation of the Bank's Sale Price is determined upfront i.e. SBR + 7.65% or 10.00% whichever is higher during the offer and acceptance of financing. This Sale Price Rate or known as Ceiling Profit Rate (CPR) provides the customers with maximum capping for the total amount of financing payment regardless of periodical changes in the SBR.
- The payment for a term financing facility is in the form of monthly instalment (calculated based on the prevailing effective profit rate, facility tenure and balance outstanding). For term financing pegged to SBR, the instalment amount will be charged using the effective profit rates, in accordance to the SBR movement, but will not exceed the Sale Price (if applicable). Any difference between the Ceiling Profit Rate (Sale Price Rate) and effective rate (actual cost charged to the customer) will be rebated or discounted upon settlement.
- For term financing pegged to SBR, instalment amount will be reviewed on quarterly basis has been discontinued. The review of instalment amount will be in tandem with the change in the Overnight Policy Rate (OPR) or SBR.
- The instalment amount will commence upon full disbursement* of financing tabled below:-

Date of Full Disbursement of Financing	Date of Commencement of Instalment Amount	E.g.: Date of Full Disbursement of Financing	E.g.: Date of Commencement of Instalment Amount
1st - 10th of Month	1st of following month	3rd April 2017	1st May 2017
11th of Month Onwards	1st of next following month	15th April 2017	1st June 2017

* For residential properties under construction, a financing will be considered as fully disbursed and the instalment amount to commence once the progressive claim reaches 97.5% of the Sales and Purchase Agreement (SPA) price.

- Pending full disbursement of financing and/or commencement of the instalment amount (e.g. in the case of financing purchase of properties under construction from developers where the financing amount is released progressively against the progressive claims issued by developers, or in the case of sub-sale where the financing is partially released in order to redeem property title from the current mortgagee), any monthly profit charged on month end must be serviced by month end and be paid in full before the commencement of the instalment amount.

The following is an illustration of how the profit is charged:-

a) Financing Amount	: RM500,000
b) Financing Amount Disbursed	: 20% of total financing amount/partial financing disbursement (i.e. RM100,000).
c) Profit Rate	: SBR+1.45% (2.50%+1.45%=3.95%).
d) Monthly Progressive Profit	: RM100,000 X 3.95% X 31 /365 days = RM335
e) Assumption	: a) SBR = 2.50%, b) number of days in months (31/30/29/28)

- All Government initiated schemes e.g Skim Rumah Pertamaku (SRP) are not entitled for Advance Payment Redraw .
