I. CHAPTER 9: TAX ADVISER’S LETTER

Page 44 of Prospectus – CHAPTER 9: TAX ADVISER’S LETTER

09 January 2023

The Board of Directors
UOB Asset Management (Malaysia) Berhad
Level 22, Vista Tower
The Intermark

50400 Kuala Lumpur

Dear Sirs

United ESG Series – EAFE Plus Fund
Taxation of the Fund and Unit Holders

1. This letter has been prepared for inclusion in the First Supplementary Prospectus (hereinafter referred to as “the Prospectus”) in connection with the offer of units in the United ESG Series – EAFE Plus Fund hereinafter referred to as “the Fund”).

The following is general information based on Malaysian tax law in force at the time of lodging the Prospectus with the Securities Commission Malaysia (“SC”) and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor’s individual circumstances. The information provided below does not constitute tax advice. The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

2. Taxation of the Fund

2.1 Income Tax

As the Fund’s Trustee is resident in Malaysia, the Fund is regarded as resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 (“MITA”).

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia or received in Malaysia from outside Malaysia is liable to income tax. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%.

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive interest, dividends, profits and other income from investments derived from sources outside of Malaysia. Prior to 1 January 2022, income arising from sources outside Malaysia and received in Malaysia was exempted from Malaysian income tax pursuant to Paragraph 28 of Schedule 6 of the Income Tax Act, 1967. Effective from 1 January 2022, Paragraph 28 of Schedule 6 was amended to only exempt a non-resident person from foreign sourced income received in Malaysia. Unit trusts funds with a trustee who is tax resident in Malaysia are considered tax residents of Malaysia and would not qualify for the exemption under the amended Paragraph 28 of Schedule 6.

The Ministry of Finance of Malaysia issued the gazette orders, Income Tax (Exemption) (No. 5) Order 2022 [PU(A) 234/2022] and Income Tax (Exemption) (No. 6) Order 2022 [PU(A) 235/2022] on 19 July 2022 which took effect from 1 January 2022. The orders grant exemption on foreign sourced income as follows:

- Dividend income received by companies and limited liability partnerships; and
- All types of foreign sourced income received by individuals, except for those carrying on a partnership business in Malaysia.

However, as the unit trust fund is not a “company”, “limited liability partnership” or “individual”, the above gazette orders do not apply to unit trust funds.

The income of the Fund which is received in Malaysia from outside Malaysia during the period from 1 January 2022 until 30 June 2022 is subject to the tax rate of 3% on gross foreign sourced income received in Malaysia. Foreign sourced income received in Malaysia from 1 July 2022 onwards will be taxed based on the prevailing income tax rate applicable to the Fund, i.e. 24%.

The foreign sourced income of the Fund may be subject to foreign tax in the country from which the income is derived. Pursuant to Schedule 7 of the MITA, where an income is chargeable to tax in Malaysia as well as in a foreign country, a relief shall be given by way of credit known as bilateral credit if the source country has a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 100% of foreign tax suffered and unilateral credit if the source country does not have a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 50% of foreign tax suffered.

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts (“REITs”) will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager’s remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

2.2 Gains on Disposal of Investments

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax (“RPGT”) under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

2.3 Service Tax

The issuance of units by the Fund to investors will not be subject to Service Tax. Any distributions made by the Fund to Unit Holders are also not subject to Service Tax. The Fund would not be required to pay Service Tax on the acquisition of fund management services from the Fund Manager.

To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

If the Fund acquires any imported taxable services from a service provider outside of Malaysia, these services would be subject to 6% Service Tax. The Fund would be required to file an SST-

02A return on an ad hoc basis and report and pay this amount of tax to the Royal Malaysian Customs Department.

3. Taxation of Unit Holders

3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund. No withholding tax will be imposed on the income distribution of the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia :-

The tax credit that is attributable to the income distributed to the Unit Holders will be available for set off against tax payable by the Unit Holders. There is no withholding tax on taxable distributions made to non-resident Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

3.2 Withholding Tax on Distribution from Retail Money Market Fund (“RMMF”) to Unit Holders

Distribution of income of a unit trust fund that is a RMMF to its Unit Holders (other than the distribution of interest income to non-individual Unit Holders) is exempted from tax in the hands of the Unit Holders. Non-individual Unit Holders will be chargeable to tax on the income distributed to the Unit Holder from the interest income of a RMMF exempted under Paragraph 35A of Schedule 6 of the MITA with effect from 1 January 2022 as follows:-

Types of Unit Holders	Malaysian Tax Rates for Year of Assessment 2022
<p>Non-individual residents:</p> <ul style="list-style-type: none"> ▪ Withholding tax rate ▪ Withholding tax mechanism ▪ Due date of payment 	<ul style="list-style-type: none"> ▪ 24% ▪ Income distribution carries a tax credit, which can be utilised to set off against the tax payable by the Unit Holders ▪ The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income
<p>Non-individual non-residents:</p> <ul style="list-style-type: none"> ▪ Withholding tax rate ▪ Withholding tax mechanism ▪ Due date of payment 	<ul style="list-style-type: none"> ▪ 24% ▪ Withholding tax deducted will be regarded as a final tax ▪ The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income

As the Fund is not a RMMF, the above withholding tax on distribution of interest income that is exempted under Paragraph 35A of Schedule 6 of the MITA will not be applicable to the non-individual Unit Holders of the Fund.

3.3 Tax Exempt Distribution

Tax exempt distributions made out of gains from realisation of investments and other exempt income earned by the Fund will not be subject to Malaysian tax in the hands of Unit Holders, whether individual or corporate, resident or non-resident. All Unit Holders do not pay tax on that portion of their income distribution from the Fund’s distribution equalisation account.

3.4 Distribution Voucher

To help complete a Unit Holder’s tax returns, the Manager will send to each Unit Holder a distribution voucher as and when distributions are made. This sets out the various components of the income distributed and the amount of attributable income tax already paid by the Fund.

3.5 Sale, Transfer or Redemption of Units

Any gains realised by a Unit Holder on the sale, transfer or redemption of his units are generally tax-free capital gains unless the Unit Holder is an insurance company, a financial institution or a person trading or dealing in securities. Generally, the gains realised by these categories of Unit Holders constitute business income on which tax is chargeable.

3.6 Reinvestment of Distribution

Unit Holders who receive their income distribution by way of investment in the form of the purchase of new units will be deemed to have received their income distribution after tax and reinvested that amount in the Fund.

3.7 Unit Splits

Unit splits issued by the Fund are not taxable in the hands of the Unit Holders.

3.8 Service Tax

Pursuant to the Lampiran A of the First Schedule of the Service Tax Regulations 2018 ("First Schedule"), only taxable services listed in the First Schedule are subject to service tax. This excludes any investment income or gains received by the Unit Holder as such income and gains are not prescribed taxable services.

The legal fees, consultant fees and management fees may be subject to service tax at 6% if the service providers are registered for Services Tax. Effective from 1 January 2019, the imposition and scope of service tax has been widened to include any imported taxable service.

We hereby confirm that the statements made in this tax adviser letter correctly reflect our understanding and the interpretation of the current Malaysian tax legislations and the related interpretation and practice thereof, all of which may subject to change. Our comments above are general in nature and cover taxation in the context of Malaysian tax legislation only and do not cover foreign tax legislation. The comments do not represent specific tax advice to any investors and we recommend that investors obtain independent advice on the tax issues associated with their investments in the Fund.

Yours faithfully

Mark Chan Keat Jin
Executive Director
Deloitte Tax Services Sdn Bhd

1.9 Investment Objective

The Fund seeks to provide investors with long term capital appreciation by investing primarily in equities.

Any material change to the investment objective of the Fund would require Unit Holder's approval.

1.10 Investment Policy and Strategy

The Fund seeks to achieve its investment objective by investing a minimum of 90% of its NAV in equities and equity-related securities and the balance of the Fund's NAV that is not invested in equities and equity-related securities will be invested in liquid assets such as money market instruments and deposits. The Fund may opt to seek investment exposure via collective investment schemes for equities and equity-related securities.

The Fund will primarily focus its investment in equities and equity-related securities in the EAFE region including emerging markets. The Fund may also invest up to 15% of its NAV in equities and equity-related securities in the United States of America. However, the Fund will only invest in markets where the regulatory authorities are an ordinary or associate member of the IOSCO.

The Investment Manager employs a bottom-up approach focused on exceptional long-term international growth companies. It invests in businesses that are creating and benefiting from deep structural changes in the economy and society. Ideas can come from a wide variety of sources, including, but not limited to, research trips, company meetings, and relationships with industry thought leaders and academic institutions. Stock ideas are normally researched to assess a range of factors, including: long-term growth potential, geographic and industry positioning, competitive advantage, management, financial strength and valuation.

The Investment Manager believes that exceptional growth companies are rare and hence, it adopts a concentrated portfolio approach of 20-35 holdings. This enables the Investment Manager to focus its efforts on companies that it thinks are truly exceptional and where their area of investment edge is strongest.

The Investment Manager will adopt an active investment approach, and will generally seek to invest in companies for the long-term (5-10 years) although this will depend on market conditions and market outlook.

We and/or the Investment Manager may use derivatives instruments such as options, futures contracts, forward contracts or swaps for hedging purposes. In the event of a downgrade in the rating of a counterparty of an OTC derivative, we and/or the Investment Manager reserve the right to deal with the OTC derivative in the best interest of the Unit Holders.

We may take temporary defensive positions that may be inconsistent with the Fund's principal investment strategy in attempting to respond to adverse economic, political or any other market conditions. In such circumstances, we may allocate up to 100% of the Fund's NAV into money market instruments and deposits, which are defensive in nature.

Sustainable and Responsible Investment Strategy

The Fund's investment policy and strategy adopts ESG considerations that are firmly built into the broader process of fundamental analysis with the aim to maximize long-term returns. As part of the ESG considerations, the Investment Manager focuses on the corporate governance and sustainability of companies by seeking to understand how management and their culture support a company, and if the company makes the world better.

Prospectus in respect of the United ESG Series - EAFE Plus Fund

The Investment Manager uses an “Environmental & Social Impact Pyramid” as a means of understanding the level of environmental and social impact a company has. The Investment Manager would only invest in companies which fit in one of the following three strata: to act responsibly, to contribute to beneficial change, or to be critical to beneficial change.

The Investment Manager spends a significant amount of time assessing the quality, integrity, motivation and culture of management teams, and then acting upon their convictions. This process is also iterative, as the Investment Manager continuously monitors and reviews the companies that the Fund invests in, including those ESG factors that are relevant to the investment case.

The Fund will not invest into companies that produce controversial weapons or in companies providing products or services that are integral to, and tailor-made for, the dissemination or use of controversial weapons.

For collective investment schemes, we will rely on the ESG methodology of the said collective investment schemes.

The Investment Manager will review the Fund’s portfolio on an ongoing basis to ensure the investments of the Fund are consistent with their analysis and investment decisions, including relevant ESG factors as they are highlighted on a case-by-case basis in the Investment Manager’s research framework. This is to ensure the investments of the Fund are consistent with the sustainability considerations adopted by the Fund and the overall impact of such investments of the Fund is not inconsistent with any other sustainability considerations. If the Fund’s investments in equities and equity-related securities become inconsistent with the sustainability considerations of the Fund, the Investment Manager will continue to monitor and engage with a company directly to express its concern and where necessary, to encourage change through active ownership and voting as any ESG challenges can take time to resolve i.e. typically more than one (1) year. After necessary analysis and engagement, if any of the Fund’s investments in equities and equity-related securities remain inconsistent with the Investment Manager’s expectation, the said investment will be sold. For collective investment schemes, if the investment becomes inconsistent with the sustainability considerations of the Fund, the said collective investment schemes shall be disposed within three (3) months. However, the Fund may hold the investment in collective investment schemes for more than three (3) months in the event that the market value of the collective investment schemes is below the original investment costs.

1.16 Investment Restrictions and Limits

4. The value of the Fund's placement in deposits with any single financial institution must not exceed 20% of the Fund's NAV.
5. For investment in derivatives:

 - (b) the value of the Fund's OTC derivative transaction with any single counter-party must not exceed 10% of the Fund's NAV; and
 - (c) the Fund's exposure from derivatives position should not exceed the Fund's NAV at all time.

11. The Fund's investments in collective investment schemes must not exceed 25% of the units/shares in any one collective investment scheme.

The above stated restrictions and limits shall be complied with at all times based on the most up-to-date value of the Fund's assets. However, a 5% allowance in excess of any restriction or limit may be permitted where the restriction or limit is breached through the appreciation or depreciation in the NAV of the Fund (as a result of an appreciation or depreciation in value of the Fund's assets or as a result of the redemption of Units or payment made out of the Fund). Once the relevant restriction or limit is breached, no further acquisitions of the particular investment involved shall be made and we should, within a reasonable period of not more than three (3) months from the date of the breach, take all necessary steps and actions to rectify the breach. There are no restrictions and limits imposed on instruments issued or guaranteed by the Malaysian government or BNM.

1.17 Risk Factors

1.17.1 General Risks of Investing in a Unit Trust Fund

Whilst we believe that the investment policy will be effective and that investment in unit trust funds may be rewarding, investors should be aware that there are risks associated with their investment in unit trust funds. Below are some of the **general risks** which investors should be aware of when investing in a unit trust fund:

Market Risk

Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's net asset value.

Manager Risk

This risk refers to the day-to-day management of the fund by the management company which will impact the performance of the fund. For example, investment decisions undertaken by the management company, as a result of an incorrect view of the market or any non-compliance with internal policies, investment mandate, the deed, relevant law or guidelines due to factors such as human error or weaknesses in operational process and systems, may adversely affect the performance of the fund.

Inflation Risk

This is the risk that investors' investment in the unit trust fund may not grow or generate income at a rate that keeps pace with inflation. This would reduce investors' purchasing power even though the value of the investment in monetary terms has increased.

Non-compliance Risk

Non-adherence with the laws, rules, regulations, prescribed practices, internal policies and procedures may result in tarnished reputation, limited business opportunities and reduced expansion potential for the management company. Investment goals may also be affected should the management company not adhere to the investment mandate (such as a unit trust fund's investment objective and investment policy and strategy). The non-adherence may be the outcome from human error (for instance the oversight of the management company) or system failure (causing unnecessary downtime). The magnitude of such risk and its impact on the unit trust fund and/or unit holders are dependent on the nature and severity of the non-compliance. In order to mitigate this risk, the management company has stringent internal controls and ensure that compliance monitoring processes are undertaken.

Loan Financing Risk

This risk occurs when investors take a loan or financing facility to finance their investment. The inherent risk of investing with borrowed money includes investors being unable to service the loan repayments. In the event units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the loan.

1.17.2 Specific Risks associated with the investment portfolio of the Fund

Below are some of the **specific risks** when investing in the Fund; these may include but are not limited to:-

Credit and Default Risk

Credit risk relates to the creditworthiness of the issuers of money market instruments and/or financial institutions where the deposits are placed and their expected ability to make timely payment of interest and/or principal. Any adverse situations faced by the issuer of the money market instruments and/or financial institutions where the deposits are placed may impact the value as well as liquidity of the money market instruments and/or deposits. In the case of rated money market instruments and financial institutions, this may lead to a credit downgrade.

Default risk relates to the risk that an issuer of money market instruments or a financial institution where the deposits are placed either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the money market instruments and deposits. This could adversely affect the NAV of the Fund.

Interest Rate Risk

Interest rate risk refers to the impact of interest rate changes on the valuation of money market instruments. When interest rates rise, money market instruments prices generally decline and this may lower the market value of the Fund's investment in money market instruments. The reverse may apply when interest rates fall. Meanwhile, money market instruments with longer maturities and lower coupon/interest rates are more sensitive to interest rate changes.

In addition, the Fund's placement in deposits will also be affected by interest rate changes. In the event of a decreasing interest rate environment, banks may offer deposits with lower interest rates, effectively reducing the potential returns of deposits. Interest rates offered by the financial institutions will fluctuate according to the Overnight Policy Rate ("OPR") determined by BNM and this has direct correlation with the Fund's investment in deposits. The Fund will enjoy higher interest income when interest rates rise and vice versa. Upon the revision of the OPR, rates for pre-existing deposit placements will remain unchanged. The change in the OPR will only affect new placements made after such change.

Liquidity Risk

Liquidity risk refers to the ease of liquidating an investment depending on the investment's volume traded in the market. If the Fund hold securities that are illiquid, or are difficult to dispose of, the value of the Fund may be negatively affected when it has to sell such securities at an unfavourable price.

Equity Risk

As the Fund will be investing in equities, the Fund will be affected by equity risk. Generally, equity risk may arise in the following forms, i.e., equity risks related to external factors and equity risks related to company-specific factors. All of these related equity risks can adversely affect the prices of equities, which would negatively impact the performance of the Fund. Equity risks related to external factors include economic, political or general market factors which impact equities generally. For example, adverse political developments may cause the economy of the country in which the Fund invests to become unstable, which in turn affects the profitability of a company that operates in that country due to weakening of the economy.

Equity risks related to company-specific factors include how the companies in which the Fund invests are managed; the performance of any given company depends on the quality of its management. A company that has competent management with the necessary experience and skill sets will contribute to the effectiveness of the operations of the company as indicated by such metrics as revenue growth

and profitability. Company-specific factors also include how the company is doing relative to its competitors or other companies in its industry or related industries.

These types of equity risks can work individually or in combination to negatively affect the value of equities held by the Fund.

Country Risk

The Fund is also subject to country risk. The value of the assets of the Fund may also be affected by the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund may invest in. Further, when investing in foreign markets, there are countries which may require prior approvals before investments can take place. For example, if and when the Fund invest in countries such as Taiwan and South Korea, such countries require the prior application or registration of an investment license or investor code before any investment can be made in these countries. As such, if investments in such countries are undertaken, there may be a risk that the registration or license may be revoked or is not renewed by the relevant authority and the Fund's investment in these countries may be affected. The effect on the Fund's investments will depend on the regulatory requirements of the respective countries. For example, if a foreign market requires the Fund to obtain an investment license which is subject to renewal and if such investment license is not renewed in a timely manner, this may result in the Fund's investment account in that country being frozen by the regulator resulting in investment activities for the Fund in that country being suspended. To mitigate this, we will monitor closely the adherence of investment regulatory requirements in such countries.

Currency Risk

Currency risk at the Fund level

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuations in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. Investors should also note that any gains or losses arising from the fluctuation in exchange rate may further increase or decrease the returns of the investment.

Currency risk at the Class level

Any fluctuation in the exchange rates between the Base Currency and the currency denomination of the respective Class(es) which are different from the Base Currency may also have an impact on the value of investor's holdings.

Investors of the hedged Class(es) will be subject to minimal currency risk as we will as much as practicable mitigate this risk by hedging the currency denomination of the hedged Class(es) against the Base Currency of the Fund, i.e. USD. Investors should note that this hedging may not fully eliminate the currency risk on the hedged Class(es). In addition, by employing this hedging, investors would not be able to enjoy the additional currency gains when Base Currency moves favourably against the currency denomination of the hedged Class(es). Additional transaction costs of hedging will also be borne by investors of the hedged Class(es).

Investors in the USD Class will not be subject to currency risk at the Class level as it is denominated in the same currency as the Base Currency of the Fund.

Concentration Risk

Concentration risk arises when the Fund's investments are concentrated in a limited number of equities. As such, adverse price movements of equities invested by the Fund may have a greater impact on the value of the Fund compared to funds which invest in a portfolio with a larger number of equity holdings.

Investment Manager Risk

Since we have delegated the investment management function of the Fund to the Investment Manager, we are dependent on the Investment Manager's capabilities to execute the Fund's investment strategies delegated to the Investment Manager. A failure on the part of the Investment Manager to display the requisite experience and expertise expected of them in making investment decisions for the Fund may jeopardize the Fund's performance and returns.

1.17.3 Risk Mitigation

We and/or the Investment Manager will take prudent and reasonable steps to mitigate the risks associated with the Fund by taking the following steps:

- (a) undertake rigorous research to understand the risks and rewards before making an investment;
- (b) ensure diversification in accordance with the strategy's diversification guidelines;
- (c) as a bottom up, fundamental strategy, consider broader economic and geopolitical developments to the extent that they materially affect an individual stock's investment case; and
- (d) continually review the portfolio on a bottom-up basis, over our long-term investment horizon.

THE ABOVE SHOULD NOT BE CONSIDERED TO BE AN EXHAUSTIVE LIST OF THE RISKS WHICH POTENTIAL INVESTORS SHOULD CONSIDER BEFORE INVESTING INTO THE FUND. POTENTIAL INVESTORS SHOULD BE AWARE THAT AN INVESTMENT IN THE FUND MAY BE EXPOSED TO OTHER RISKS FROM TIME TO TIME.

YOU SHOULD RELY ON YOUR OWN EVALUATION TO ASSESS THE MERITS AND RISKS OF AN INVESTMENT. YOU SHOULD READ AND UNDERSTAND THE CONTENTS OF THIS PROSPECTUS AND, IF NECESSARY, CONSULT YOUR ADVISER(S) BEFORE MAKING AN INVESTMENT DECISION.

THERE ARE FEES AND CHARGES INVOLVED AND INVESTORS ARE ADVISED TO CONSIDER THEM BEFORE INVESTING IN THE FUND.

CHAPTER 3: TRANSACTION INFORMATION

3.1 Sale and Purchase of Units

3.1.1 Computation of NAV and NAV per Unit of the Fund

The NAV of the Fund is determined by deducting the value of all the Fund's liabilities from the value of all the Fund's assets, at the valuation point. For the purpose of computing the annual management fee and annual trustee fee, the NAV of the Fund is inclusive of the management fee and trustee fee for the relevant day.

The NAV per Unit of a Class of Units is the NAV of the Fund attributable to a Class of Units divided by the number of Units in circulation for that particular Class of Units, at the same valuation point.

The valuation of the Fund will be carried out in the Base Currency. Accordingly, all assets that are not denominated in Base Currency will be translated to Base Currency for valuation purposes. The foreign exchange rate used for this purpose shall be the bid foreign exchange rate quoted by Refinitiv or other reputable information service providers at 4:00 p.m. United Kingdom time or such rate or method as may be prescribed under the relevant laws from time to time.

Due to multiple Classes of Units in the Fund, the income, expenses, indirect fees and/or charges for the Fund are apportioned based on the value of the Class of Units of the Fund (quoted in the Base Currency) relative to the value of the whole Fund (also quoted in the Base Currency), which is shown as multi-class ratio.

3.2 Pricing of Units

We adopt the single pricing policy which is in line with the SC's requirement for the Malaysian unit trust industry. Under this regime, both the selling price and buying price of Units will be quoted based on a single price, i.e. the net asset value per unit of the fund.

The daily NAV per Unit of the Fund is valued at the next valuation point after a purchase request or a redemption request is received by us, i.e., on Forward Price basis.

Example:

Making an investment

Assuming the NAV per Unit on 6 December 2022 for MYR Hedged Class is RM0.5010 and there is a sales charge of 5.00% of the NAV per Unit of the Class imposed by us; if a Unit Holder intends to invest a sum of RM10,000.00 in the MYR Hedged Class, the amount that a Unit Holder will have to pay as sales charge will therefore be:-

$$\begin{aligned} \text{Sales charge} &= 5.00\% \times (\text{amount to be invested}) \\ &= 5.00\% \times \text{RM10,000} \\ &= \text{RM500} \end{aligned}$$

The total amount that will have to be paid to us will therefore be:

$$\begin{aligned} \text{Total to be paid} &= \text{amount to be invested} + \text{sales charge} \\ &= \text{RM10,000} + \text{RM500} \\ &= \text{RM10,500} \end{aligned}$$

The number of Units that will be allocated to the Unit Holder will therefore be:

$$\begin{aligned} \text{Units allocated to the} &= \frac{\text{amount to be invested}}{\text{NAV per Unit}} \\ \text{Unit Holder} &= \frac{\text{RM10,000}}{\text{RM0.5010}} \\ &= \underline{19,960.08 \text{ Units}} \end{aligned}$$

Please note that the calculation set out above is for illustration purposes only.

Redeeming an investment

Assuming the NAV per Unit on 13 December 2022 for MYR Hedged Class is RM0.5020 and there is no redemption charge for this Fund; if a Unit Holder intends to redeem 10,000 Units from the MYR Hedged Class, the amount that we will have to pay to Unit Holder will therefore be:-

$$\begin{aligned} \text{Units redeemed by Unit Holder} &= 10,000 \text{ Units} \\ \text{Amount payable to} &= \text{Units redeemed} \times \text{NAV per Unit} - \text{redemption charge} \\ \text{Unit Holder} &= 10,000 \text{ units} \times \text{RM0.5020} - 0\% \\ &= \underline{\text{RM5,020.00}} \end{aligned}$$

Please note that the calculation set out above is for illustration purposes only.

Incorrect Pricing

Subject to any relevant law, if there is an error in the pricing of the NAV per Unit of the Fund, we will take immediate remedial action to correct the error. Rectification shall, where necessary, extend to the reimbursements of money as follows if the error is at or above the significant threshold of 0.5% of the NAV per Unit:

Prospectus in respect of the United ESG Series – EAFE Plus Fund

- (a) if there is an over pricing in relation to the purchase and creation of Units, the Fund shall reimburse the Unit Holder;
- (b) if there is an over pricing in relation to the redemption of Units, we shall reimburse the Fund;
- (c) if there is an under pricing in relation to the purchase and creation of Units, we shall reimburse the Fund; and
- (d) if there is an under pricing in relation to the redemption of Units, the Fund shall reimburse the Unit Holder or former Unit Holder.

We retain the discretion whether or not to reimburse if the error is below 0.5% of the NAV per Unit or where the total impact on a Unit Holder's account of each Class of Units is less than RM10.00 or an equivalent denomination in the currency that a particular Class of Units is denominated, if applicable. This is because the reprocessing costs may be greater than the amount of the adjustment.

Policy on rounding adjustment

In calculating a Unit Holder's investments, the NAV per Unit of the Fund will be rounded to four decimal places.

Units allocated to a Unit Holder will be rounded to two decimal places.

3.3 Sale of Units

Class(es) of Units	AUD Hedged Class	GBP Hedged Class	MYR Hedged Class	RMB Hedged Class	SGD Hedged Class	USD Class
Minimum Initial Investment	AUD 1,000	GBP 1,000	RM 1,000	RMB 1,000	SGD 1,000	USD 1,000
	or such other lower amount as we may from time to time decide.					
Minimum Additional Investment	AUD 100	GBP 100	RM 100	RMB 100	SGD 100	USD 100
	or such other lower amount as we may from time to time decide.					

Application for Units must be received by us on or before the cut-off time of 4:00 p.m. on any Business Day. Any application received after 4:00 p.m. on any Business Day will be taken as an application made on the next Business Day.

Investors are required to complete the application forms, which are available at:

- (a) our head office; or
- (b) our authorised distributors throughout Malaysia.

For the convenience of applicants, all authorised distributors are authorised to accept the application forms accompanied by the necessary remittance for onward transmission to us. You may contact any of our authorised distributors listed in Chapter 12 List of UOB Asset Management (Malaysia) Berhad's Office, Institutional Unit Trust Advisers and Authorised Distributors.

Note: We reserve the right to accept or reject any application in whole or part thereof without assigning any reason.

All applicants intending to invest in a Class other than MYR Hedged Class are required to have a foreign currency account with any financial institutions as all transactions relating to the particular foreign currency will ONLY be made via telegraphic transfers.

INVESTORS ARE ADVISED NOT TO MAKE ANY PAYMENTS IN CASH TO ANY INDIVIDUAL AGENT WHEN PURCHASING UNITS OF A FUND.

PLEASE BE ADVISED THAT IF AN INVESTOR INVESTS IN UNITS THROUGH AN IUTA WHICH ADOPTS THE NOMINEE SYSTEM OF OWNERSHIP, THE INVESTOR WOULD NOT BE CONSIDERED TO BE A UNIT HOLDER UNDER THE DEED AS THE INVESTOR'S NAME WILL NOT APPEAR IN THE REGISTER OF UNIT HOLDERS. THE INVESTOR MAY CONSEQUENTLY NOT HAVE ALL THE RIGHTS ORDINARILY EXERCISABLE BY A UNIT HOLDER (FOR EXAMPLE, THE RIGHT TO CALL FOR A UNIT HOLDERS' MEETING AND TO VOTE THEREAT).

Unitholdings in Different Classes

Investors should note that there are differences when purchasing Units of a Class other than USD Class in the Fund, i.e. AUD Hedged Class, GBP Hedged Class, MYR Hedged Class, SGD Hedged Class and RMB Hedged Class.

For illustration purposes, assume the exchange rate of USD and RM is 4.00, and you have USD10,000 to invest. The USD Class is priced at USD0.5000, while the MYR Hedged Class is priced at RM0.5000. By purchasing Units in the MYR Hedged Class, you will receive more Units for every USD invested in the Fund, i.e. 80,000 Units, compared to purchasing Units in USD Class, i.e. 20,000 Units.

Upon a voting by poll, the votes by every Unit Holders present in person or by proxy shall be proportionate to the value of Unit held by him or her. Hence, holding more number of Units may not give you an advantage when voting at Unit Holders meetings. You should note that in a Unit Holders' meeting to terminate or wind up the Fund or a Class of Units, a special resolution may only be passed by a majority in number representing at least three-fourths (3/4) of the value of the Units held by Unit Holders voting at the meeting, and not based on number of Units held.

3.4 Redemption of Units

Unit Holders may redeem their investments in the Fund on any Business Day by completing the prescribed redemption request form or such other manner as we may accept and returning it to us on any Business Day; the redemption request form is available at our head office and also offices of our authorised distributors. There is no restriction on the number of times a Unit Holder can redeem.

The minimum redemption amount is 1,000 Units or such other lesser Units as we may from time to time decide.

However, if the redemption request leaves a Unit Holder with less than the required minimum holdings of Units in the account, we will request the Unit Holder to redeem the remaining Units in the Unit Holder's account.

Units redeemed on or before the cut-off time of 4:00 p.m. on any Business Day will be redeemed at the NAV per Unit calculated as at the next valuation point after the redemption request was received by us (i.e., on a Forward Price basis).

Any redemption request received after 4:00 p.m. on any Business Day will be taken as a redemption request made on the next Business Day.

Redemption proceeds will be paid within:-

- ten (10) Business Days for AUD Hedged Class;
- ten (10) Business Days for GBP Hedged Class;
- eight (8) Business Days for MYR Hedged Class;
- eleven (11) Business Days for RMB Hedged Class;
- ten (10) Business Days for SGD Hedged Class; and
- nine (9) Business Days for USD Class,

from the date we receive a complete redemption request form.

3.5 Cooling-off Policy

A cooling-off right refers to the right of the Unit Holder to obtain a refund of his investment if he so requests within the cooling-off period (within six (6) Business Days from the date of receipt of application to purchase Units). This is to provide the Unit Holder with the opportunity to reverse his investment decision that could have been unduly influenced by certain external elements or factors. The cooling-off right is only given to an individual investor, other than those listed below, who is investing for the first time in any unit trust funds managed by us:-

- (i) our staff; and
- (ii) persons registered with a body approved by the SC to deal in unit trusts.

Within the cooling-off period, the refund to the Unit Holders for every Unit held by the Unit Holders shall be the sum of:-

- (a) the price of the Units on the day the Units were purchased; and
- (b) the sales charge originally imposed on the day the Units were purchased.

In other words, the Unit Holders shall be refunded with their original investment proceeds within ten (10) days of the date of receipt of the cooling-off notice from the Unit Holders.

3.6 Minimum Holdings

The minimum holding is 1,000 Units or such other lesser Units as we may from time to time decide.

3.7 Policy on Gearing

The Fund is not permitted to borrow cash or other assets (including the borrowing of securities within the meaning of the Securities Borrowing and Lending Guidelines) in connection with its activities.

However, the Fund may borrow cash for the purpose of meeting redemption requests for Units and for short-term bridging requirements. We should ensure that:

- (a) the Fund's cash borrowing is only on a temporary basis and that borrowings are not persistent;
- (b) the borrowing period should not exceed one month;
- (c) the aggregate borrowings of the Fund should not exceed 10% of the Fund's NAV at the time the borrowing is incurred; and
- (d) the Fund only borrows from financial institutions.

Except for the securities lending as provided under the Securities Borrowing and Lending Guidelines, as well as complying with relevant rules and directives issued by Bursa Malaysia Securities Berhad, Bursa Malaysia Depository Sdn Bhd and Bursa Malaysia Securities Clearing Sdn Bhd, none of the cash or investments of the Fund may be lent. Further, the Fund may not assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person.

3.8 Transfer of Units

Units in the Fund are transferable subject to a minimum of 1,000 Units or such other lesser Units as we may from time to time decide, and any other terms and conditions as may be imposed by us.

However, if the transfer request leaves a Unit Holder with less than the required minimum holdings of Units in the account, we will request the Unit Holder to transfer the remaining Units from the transferor's account to the transferee's account.

A copy of the "Transfer Form" can be obtained from our head office and also offices of our authorised distributors.

Prospectus in respect of the United ESG Series - EAFE Plus Fund

3.9 Switching Facility

Unit Holders are allowed to switch from the Fund to other fund(s) (or its classes) managed by us provided that the currency denomination is the same and subject to our discretion.

The minimum switching amount is 1,000 Units and the amount switched must meet the minimum initial investment amount of the intended fund (or its classes) that the Unit Holder intends to switch into. However, if the switching request leaves a Unit Holder with less than the required minimum holdings of Units in the account, we will automatically switch the balance of the Units held in the Unit Holder's account.

Also, Unit Holders are to take note that we reserve the right to reject any switching requests if we are of the view that the switching transaction is contrary with the best interest of the Fund or the existing Unit Holders of a particular Class. A copy of the "Other Transactions Form" to perform this transaction can be obtained from our office and also offices of our authorised distributors. Subject to our discretion, we may impose switching fee.

The switching transaction is subject to the conditions set out below:-

1. A unit holder who originally purchased units of a fund with "no sales charge" imposed and intends to switch into any other funds with "no sales charge" imposed, the switch will be based on the net asset value per unit of the fund that he intends to switch into.
2. A unit holder who originally purchased units of a fund with "no sales charge" imposed and intends to switch into any other funds with "sales charge" imposed, he will be required to pay the sales charge imposed by the fund that he intends to switch into.
3. If a unit holder who originally purchased units of a fund with "sales charge" imposed and decides to switch into any other funds with "higher sales charge" imposed, he will be required to pay the difference of the sales charge ("differential sales charge") on the amount switched into that fund.
4. A unit holder who originally purchased units of a fund with "sales charge" imposed and intends to switch into any other funds with "lower sales charge" imposed, the switch will be at the net asset value per unit of the fund that he intends to switch into.

Note: Investors are advised to check the eligibility criteria if they intend to switch to a wholesale fund.

Please refer to the table below for an illustration on how the switching facility works:-

SWITCHING FROM	SWITCHING TO		
CURRENT FUND (OR ITS CLASSES)	INTENDED FUND (OR ITS CLASSES)		
	Fund with "no sales charge"	Fund with "lower sales charge"	Fund with "higher sales charge"
Fund with "sales charge"	No sales charge.	No sales charge.	Differential sales charge on the amount switched.
Fund with "no sales charge"	No sales charge.	Not applicable.	Differential sales charge on the amount switched.

Please note that the net asset value per unit of the fund to be switched out and the net asset value per unit of the fund to be switched into may be of different Business Days.

3.10 Valuation of the Fund and Bases of Valuation of the Assets of the Fund

3.10.1 Valuation of the Fund

The Fund will be valued at least once on every Business Day. The valuation of the Fund will be carried out in a fair and accurate manner, at the valuation point.

As the Fund will invest in foreign markets, the valuation of the Units in respect of a particular Business Day can only be carried out on the following Business Day at the close of business of the last relevant foreign market in which the Fund invests in.

Note: Valuation point is the particular point in time on a Business Day, as we may decide, at which the NAV of the Fund is calculated.

3.10.2 Bases for Valuation of the Assets of the Fund

Investment Instruments	Valuation Basis
Equities listed on any exchange	Market price. However, if: (a) a valuation based on the market price does not represent the fair value of the equities, e.g. during abnormal market conditions; or (b) no market price is available, including in the event of a suspension in the quotation of the equities for a period exceeding fourteen (14) days, or such shorter period as agreed by the Trustee, then the equities should be valued at fair value, as determined in good faith by us based on the methods or bases approved by the Trustee after appropriate technical consultation.
Collective investment schemes	Collective investment schemes which are quoted on an exchange shall be valued based on the last done prices as at the close of the Business Day of the respective markets on the same calendar day. Investments in unlisted collective investment schemes will be valued based on the last published redemption price.
Unlisted securities	Fair value as determined in good faith by us, on methods or bases which have been verified by the auditors of the Fund and approved by the Trustee.
Money market instruments	Investments in money market instruments are valued at book cost, meaning cost of acquisition plus accretion of discount. For investments in commercial papers, valuation will be performed by reference to the fair value prices quoted by a bond pricing agency registered with the SC.
Deposits	For deposits placed with a financial institution, valuation will be performed by reference to the principal value provided by the financial institution that issues or provides such investments including interest accrued thereon for the relevant period, if any.
Derivatives	Derivative instruments positions will be marked to market using valuation prices quoted by the derivatives' provider as at the close of the Business Day of the respective markets on the same calendar day.

The income distribution will be paid to you by way of transfer into a bank account held in your name.

You should note that income distribution (if any) which is less than 300 in the denominated currency of the Fund/Class, or such other amount as we may from time to time decide, will be automatically reinvested into your account in the form of additional Units at no cost, based on the NAV per Unit on the income declaration date. Income distribution (if any) that cannot be credited into your bank account after one (1) month from the date of payment will be automatically reinvested into your account in the form of additional Units at no cost, based on the NAV per Unit at the end of the fifteenth (15th) day after the said one (1) month period. In the event the fifteenth (15th) day falls on a non-Business Day, reinvestment will be made on the following Business Day.

If you do not state your option in the application form, the income distribution (if any) will be automatically reinvested into your account in the form of additional Units. 6.5 Removal and Replacement of the Manager

The Manager may be removed by the Trustee on the grounds that:

- the Manager has failed or neglected to carry out its duties to the satisfaction of the Trustee and the Trustee considers that it would be in the Unit Holders' interest for the Trustee to do so after the Trustee has given notice to the Manager of that opinion and the reasons for that opinion, and has considered any representations made by the Manager in respect of that opinion, and after consultation with the relevant authorities and with the approval of the Unit Holders by way of a Special Resolution;

The Fund may be terminated or wound up should the following events occur:

- A Special Resolution is passed at a meeting of Unit Holders to terminate or wind up the Fund.

Notwithstanding the aforesaid, the Manager may, in its sole discretion and without first obtaining the consent of the Unit Holders terminate the Fund if the Fund size is below RM10,000,000 or such other amount as the Manager and the Trustee may jointly deem it to be uneconomical for the Manager to continue managing the Fund.

Upon the termination of the Fund, the Trustee shall:

United ESG Series - EAFE Plus Fund Taxation of the Fund and Unit Holders

1. This letter has been prepared for inclusion in the Prospectus in connection with the offer of units in the United ESG Series - EAFE Plus Fund (hereinafter referred to as "the Fund").

The following is general information based on Malaysian tax law in force at the time of lodging the Prospectus with the Securities Commission Malaysia ("SC") and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor's individual circumstances. The information provided below does not constitute tax advice. The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

2. Taxation of the Fund

2.1 Income Tax

As the Fund's Trustee is resident in Malaysia, the Fund is regarded as resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 ("MITA").

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia is liable to income tax. It is *proposed* in the Finance Bill 2021 that with effect from 1 January 2022, income of the fund which is received in Malaysia from outside Malaysia shall also be liable to income tax. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%.

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single-tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other

deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive dividends, profits and other income from investments outside Malaysia. Currently, income arising from sources outside Malaysia and received in Malaysia by a unit trust is exempted from Malaysian income tax. However, it is *proposed* in the Finance Bill 2021 that the tax exemption on foreign sourced income will no longer be available on the Fund as only the income of a person who is not a resident in Malaysia arising from sources outside Malaysia and received in Malaysia is exempted from tax with effect from 1 January 2022. At the time this letter is issued, the Finance Bill 2021 has not been passed by Parliament.

The Finance Bill 2021 also provides that the gross income of the Fund which is received in Malaysia from outside Malaysia during the period from 1 January 2022 until 30 June 2022 is subject to the tax rate of 3% on gross. Foreign sourced income received in Malaysia from 1 July 2022 onwards will be taxed based on the prevailing income tax rate applicable on the Fund, i.e. 24%. In addition, the foreign sourced income of the Fund may be subject to foreign tax in the country from which the income is derived. Pursuant to Schedule 7 of the MITA, where an income is chargeable to tax in Malaysia as well as in a foreign country, a relief shall be given by way of credit known as bilateral credit (if the source country has a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 100% of foreign tax suffered) and unilateral credit (if the source country does not have a tax treaty with Malaysia where the foreign tax credit shall be set-off up to 50% of foreign tax suffered).

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts ("REIT") will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager's remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

2.2 Gains on Disposal of Investments

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax ("RPGT") under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

2.3 Service Tax

The issuance of units by the Fund to investors will not be subject to Service Tax. Any distributions made by the Fund to unitholders are also not subject to Service Tax. The Fund would not be required to pay Service Tax on the acquisition of fund management services from the Fund Manager.

To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

If the Fund acquires any imported taxable services from a service provider outside of Malaysia, these services would be subject to 6% Service Tax. The Fund would be required to file an SST-02A return on an ad hoc basis and report and pay this amount of tax to the Royal Malaysian Customs Department.

3. Taxation of Unit Holders

3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia:-

Unit Holders	Malaysian Tax Rates for Year of Assessment 2021	Malaysian Tax Rates for Year of Assessment 2022
<p>Malaysian tax residents:</p> <ul style="list-style-type: none"> ▪ Individual and non-corporate Unit Holders ▪ Co-operative societies ▪ Trust bodies ▪ Corporate Unit Holders <ul style="list-style-type: none"> i. ▪ Co-operative societies	▪ 24%	▪ 24%

The tax credit that is attributable to the income distributed to the Unit Holders will be available for set off against tax payable by the Unit Holders. There is no withholding tax on taxable distributions made to non-resident Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

3.2 Withholding Tax on Distribution from Retail Money Market Fund (“RMMF”) to Unit Holders

Currently, distributions of interest of a unit trust fund that is a RMMF to its Unit Holders is exempted from tax in the hands of the Unit Holders.

However, it is *proposed* in the Finance Bill 2021 that non-individual Unit Holders will be chargeable to tax on the income distributed to the Unit Holder from the interest income of a RMMF exempted under paragraph 35 of Schedule 6 of the MITA. The distribution of interest income exempted under Paragraph 35A of Schedule 6 of the MITA by a RMMF to its non-individual Unit Holders will be subject to withholding tax at 24% under the following mechanism:-

Types of Unit Holders	Malaysian Tax Rates for Year of Assessment 2022
Non-individual residents:	
▪ Withholding tax rate	▪ 24%
▪ Withholding tax mechanism	▪ Income distribution carries a tax credit, which can be utilised to set off against the tax payable by the Unit Holders
▪ Due date of payment	▪ The withholding tax is to be remitted to the Director General of Malaysian Inland

<p>Non-individual non-residents:</p> <ul style="list-style-type: none"> ▪ Withholding tax rate ▪ Withholding tax mechanism ▪ Due date of payment 	<p>Revenue within one month of the distribution of interest income</p> <ul style="list-style-type: none"> ▪ 24% ▪ Withholding tax deducted will be regarded as a final tax ▪ The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income
---	---

If passed by Parliament, the above proposal comes into operation on 1 January 2022. As the Fund is not a RMMF, the above proposed WHT on distribution of interest income will not be applicable to the non-individual Unit Holders of the Fund.

3.3 Tax Exempt Distribution

Tax exempt distributions made out of gains from realisation of investments and other exempt income earned by the Fund will not be subject to Malaysian tax in the hands of Unit Holders, whether individual or corporate, resident or non-resident. All Unit Holders do not pay tax on that portion of their income distribution from the Fund's distribution equalisation account.

3.4 Distribution Voucher

To help complete a Unit Holder's tax returns, the Manager will send to each Unit Holder a distribution voucher as and when distributions are made. This sets out the various components of the income distributed and the amount of attributable income tax already paid by the Fund.

3.5 Sale, Transfer or Redemption of Units

Any gains realised by a Unit Holder on the sale, transfer or redemption of his units are generally tax-free capital gains unless the Unit Holder is an insurance company, a financial institution or a person trading or dealing in securities. Generally, the gains realised by these categories of Unit Holders constitute business income on which tax is chargeable.

3.6 Reinvestment of Distribution

Unit Holders who receive their income distribution by way of investment in the form of the purchase of new units will be deemed to have received their income distribution after tax and reinvested that amount in the Fund.

3.7 Unit Splits

Unit splits issued by the Fund are not taxable in the hands of the Unit Holders.

3.8 Service Tax

Pursuant to the Lampiran A of the First Schedule of the Service Tax Regulations 2018 ("First Schedule"), only taxable services listed in the First Schedule are subject to service tax. This excludes any investment income or gains received by the Unit Holder as such income and gains are not prescribed taxable services.

Prospectus in respect of the United ESG Series – EAFE Plus Fund

The legal fees, consultant fees and management fees may be subject to service tax at 6% if the service providers are registered for Services Tax. Effective from 1 January 2019, the imposition and scope of service tax has been widened to include any imported taxable service.

We hereby confirm that the statements made in this tax adviser letter correctly reflect our understanding and the interpretation of the current Malaysian tax legislations and the related interpretation and practice thereof, all of which may subject to change. Our comments above are general in nature and cover taxation in the context of Malaysian tax legislation only and do not cover foreign tax legislation. The comments do not represent specific tax advice to any investors and we recommend that investors obtain independent advice on the tax issues associated with their investments in the Fund.

Yours faithfully

7. UNIT TRUST LOAN FINANCING DISCLOSURE STATEMENT

Investing In a Unit Trust Fund With Borrowed Money Is More Risky Than Investing With Your Own Savings.

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

- 1 The higher the margin of the financing (that is, the amount of money you borrow for every Ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.
- 2 You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.
- 3 If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your limits may be sold towards the settlement of your loan.
- 4 Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this Risk Disclosure Statement or the terms of the loan financing, you should consult the institution offering the loan.

9. UNIT TRUST LOAN FINANCING DISCLOSURE STATEMENT

Investing In a Unit Trust Fund With Borrowed Money Is More Risky Than Investing With Your Own Savings.

You should assess if loan financing is suitable for you in light of your objectives, attitude to risk and financial circumstances. You should be aware of the risks, which would include the following:

- 1 The higher the margin of the financing (that is, the amount of money you borrow for every Ringgit of your own money which you put in as deposit or down payment), the greater the loss or gain on your investment.
- 2 You should assess whether you have the ability to service the repayments on the proposed loan. If your loan is a variable rate loan, and if interest rates rise, your total repayment amount will be increased.
- 3 If unit prices fall beyond a certain level, you may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of your normal instalments. If you fail to comply within the time prescribed, your limits may be sold towards the settlement of your loan.
- 4 Returns on unit trusts are not guaranteed and may not be earned evenly over time. This means that there may be some years where returns are high and other years where losses are experienced. Whether you eventually realise a gain or loss may be affected by the timing of the sale of your units. The value of units may fall just when you want your money back even though the investment may have done well in the past.

This brief statement cannot disclose all the risks and other aspects of loan financing. You should therefore carefully study the terms and conditions before you decide to take a loan. If you are in doubt about any aspect of this Risk Disclosure Statement or the terms of the loan financing, you should consult the institution offering the loan.
